EDITOR'S NOTE

Dear Readers,

Warm Greetings to you!

Yet another academic year has started. Having completed the first term, let us see what the new academic year is going to unfold. These days, wherein the cell phones, tabs, computers and T.V steal most of our precious time, we end up developing only negativity. We can make this world wonderful, only by embracing positive attitude.

In this context, I plead you to
'Train your mind to see only
The good in every situation,
The positive in every circumstance,
The opportunity in every challenge.'

This can be well understood from the following story.

Many years ago two salesmen were sent by a shoe company in Africa to find out if there was a market for shoes.

The first salesman reported back, "There is no market there, nobody wears shoes".

The second salesman reported back, "There is a huge market there - nobody wears shoes."

You can look at the same situation in two different ways - negatively or positively. The first salesman looked at it as a problem, the second one at it as an opportunity.

Next time when we face a problem, let us ask ourselves, "how can I do it?" rather than simply saying "it can't be done". During these tough days, when everything seems almost impossible and out of reach, having a positive attitude makes a huge difference. It instantly lightens up the mind and makes you believe that you can do it.

"No one gets a sudden rise,
Even the Sun,
No one gets a sudden fall,
Even the Moon."
So stabilize your life with 'POSITIVE APPROACH'.

Director's Desk

I am happy to pen these few lines for the first newsletter of the current academic year 2018 - 19. The Academic year has begun with a very positive note in terms of examination results wherein Vidya Vikasini kept up its reputation of achieving 100% results in class X, XI and XII respectively. On top of it, like the icing on the cake, five children from our Opportunity School also cleared regular class X examination with excellent scores. This is indeed the result of hard work by both the teachers and the taught despite changes in curriculum and pattern of examination papers.

The activities in the campus have also been kick-started in the right direction with performance and achievements along the way. Sports and Extra Curricular activities are being pursued to give the children respite from the routine classroom work and pressures there on. Our teachers also relished the Teacher's Day with celebrations and an outing, giving relaxation to otherwise taxing teaching schedules. Eco-friendly developments like Solar Power generation, Bio-Gas, clean drinking water "no to plastics" are all continuously pursued in the Opportunity School. We have embarked on a few vocational training programs for the Intellectually Disabled persons in our Opportunity School which could empower them to find a lifeline and make them independent. In the ensuing newsletters we will report about these projects more in detail.

I wish each and everyone in the Campus a wonderful year ahead full of activities, performance, achievements and rewards.

Principal's Message

SPREAD YOUR WINGS TO ATTAIN SUCCESS

In life, every one of us is exposed to a number of challenges, and it is only when such obstacles are tackled will a person be successful. Success can never be earned by staying idle and this implies that it is important to put an effort to increase the chances of becoming successful in life. Hard work has always been encouraged starting from the time when a child steps into the school life. Studies have also shown that hardworking students tend to excel in both their academics as well as extracurricular activities. Therefore, 'struggle' is one of the most important components that differentiate between a successful person and a failure.

A man found a cocoon of a butterfly. One day a small opening appeared. He sat and watched the butterfly for several hours as it struggled to force its body through that little hole, until it suddenly stopped making any progress and looked like it was stuck. So the man decided to help the butterfly. He took a pair of scissors and snipped off the remaining bit of the cocoon. The butterfly then emerged easily, although it had a swollen body and small, shriveled wings. The man didn't think anything of it and sat there waiting for the wings to spread to support the butterfly. But that didn't happen. The butterfly spent the rest of its life unable to fly, crawling around with tiny wings and a swollen body...

Despite the kind heart of the man, he didn't understand that the restricting cocoon and the struggle needed by the butterfly to get itself through the small opening were God's way of forcing fluid from the body of the butterfly into its wings, to prepare itself for flying once it was out of the cocoon.

Dear children, each one struggles in life in order to develop their strengths like the cocoon. Without struggles, you never grow and never get stronger, so it's important for us to tackle challenges on our own, and not be relying on help from others. Currently, you are all in a highly competitive world where the level of success depends on one's hard work and initiatives that an individual takes. Every one's life mirrors a bittersweet battle for the sake of success in academics and co-curricular activities. Only strong and ambitious students have the courage to face the struggle and ultimately win it with pride. Hard work pays off. Dedication and devotion to what one is doing brings forth fruitful and productive outcomes.

Be ready to meet the challenges in your life to become great personalities in future.

"Work hard in silence, let success make the noise".

2018 – “HAT TRICK YEAR” BY VIDYA VIKASINI

Board exam results 2017-18 brought great cheer and euphoric jubilation to the highly expectant camp at Vidya Vikasini MHSS. In a year that witnessed many changes on the academic front, the biggest change was the introduction of board exam for students of STD XI. However, it was a proud and satisfying moment to achieve cent percent pass in the X, XI and XII BOARD exams, yet another feather in the crowded cap of Vidya Vikasini Teaching Fraternity and hardworking students.

The XII Board results produced 9 centums, 5 in commerce, (SINDHU BARATHI B, NANDHINI V, MONISHA T, SARASWATHI E & SWETHA B), 2 in Accountancy (ABIMOL R & SARASWATHI E), 1 in Mathematics (ANOOP SRIVATSAN BALAJI) and 1 in computer science (KAUSHIK L). SINDHU BARATHI B. was the school topper scoring 1174/1200, followed by NANDHINI V (1172/1200) AND KAUSHIK L (1168/1200). Forty five students scored above 1000/1200. Subject wise highest scores were as follows: Tamil-193, French-198, English-193, Physics-197, Chemistry-195, Biology-184, Economics-198 and Business Maths-195.

The XI STD students fared equally well. There were 5 centums overall; 3 in Commerce (KEERTHANA V, MANICKAM K & PRAKHASH RAM R J), 1 in Accountancy (SRI SOUNDARYA A) and 1 in Biology (ARAVIND S N). SRI SOUNDARYA A was the school topper with 581/600 followed closely by MUKESH V (571/600) and the third place was shared by KEERTHANA V and ROSHINI, both scoring 566/600. 30 students scored above 500/600. Subject wise Highest Marks were as follows – Tamil-98, French-99, English-96, Maths-95, Physics-96, Chemistry-96, Computer Science-97, Business Maths-98 and Economics-99.

The young brigade that took up the X Board exam also came out with flying colours. The distinction of being school topper was shared by two students: DEIVANNAI K & SRUTHI S, both scoring 492/500 and SRUTHI scoring centum in Social Science. Second topper was SHIVANI R who scored 490/500, followed by RUBHINI P (489/500), SWETHA T (488/500) with centum in science and DHARUN KARTHIKEYAN (485/500) with centum in Mathematics. 42 students scored above 450/500.

The Management congratulates the Principal, staff and students for the over whelming and spectacular result and wish them for an encore in 2019.
